

BARBER DIVIDENDS

Creditors of The Barber Banks Receive Nine Per Cent Dividend—891 Notes Presented Monday and Tuesday—Further Dividends Promised.

To many of the holders of the notes of the Barber Banks the money paid by The Security Savings Bank & Trust Company as dividends on the face of the notes they held, last Monday and Tuesday, came as an unexpected gift, for many of them had given up all hope of ever getting anything at all from this source. Those creditors who had declined to take Barber notes in exchange for their vouchers of claims against the Barber of Wauseon and the Wauseon Savings & Trust Company were paid their share of dividends by the receivers of these banks in Toledo. Holders of notes were paid their dividends of 9 per cent by the banking firm named above on Monday and Tuesday in the old banking room of the Barber banks, now occupied by the Expositor office. The office was thronged with note holders both days and when the office hours ended on Tuesday it was found that of the 1183 notes that had been issued and recorded, 891 had been presented, leaving 292 still to be heard from. Many of this last number will be presented for payment of dividends at the Security Savings Bank & Trust Company in Toledo and holders of notes who live at a distance may secure their dividends by sending their notes by mail to the above banking firm, Superior street, Toledo, inclose self addressed envelope and return postage; check for the amount of dividends due and the notes properly endorsed will be returned to the sender. The claims against the banks covered by the notes amount to \$496,585.22; the total amount of dividends to be distributed is \$44,602.67. The committee of creditors, consisting of C. C. Handy, F. L. S. Darby and J. H. Johnson, reports that there are outstanding \$495,585.22 per value of Barber notes, all of which are equally secured by the deposit with The Security Savings Bank & Trust Company, of Toledo, Ohio, of the following stocks and bonds, viz.: \$50,000, par value of the preferred stock of Home Telephone Company of Mobile.

\$300,000, par value, of the common stock of the Home Telephone Company of Mobile.

\$225,200, par value, of the 5 per cent bonds of the Home Telephone Company of Mobile.

In addition to the foregoing stocks and bonds, The Security Savings Bank & Trust Company also holds as security a cash balance of \$724.86.

Within a short time the interest on the Mobile bonds amounting to \$5,260 will be paid, and thereafter each six months a like amount will be paid so that there should be paid in the Security Bank & Trust Company each year the sum of \$11,260, being the interest on the \$225,200 of Mobile bonds.

The above-mentioned \$225,200 of Mobile bonds are pooled and are practically all of the other outstanding bonds of the Mobile Company as it was believed that they could be sold to better advantage by so doing.

From the above it is seen that it is pretty certain that the holders of notes will receive further dividends on the face of their notes which may in time aggregate 50 to 75 per cent of their claims.

SHE WAS WANTED.

A few days ago a "business person" appeared in a newspaper, inserted by a sweet-faced little woman, made helpless by rheumatism who asked simply "if anyone wanted a grand-mother." Then she spent a troubled, sleepless night, wondering if anyone would see her ad, or, seeing it, heed. The world was due to her and she—she didn't. The next day from all over the state, came offers to the little grandmother. Several hurried to the address given, to find themselves too late, for at sunrise a widow with a little daughter had "adopted" a mother for herself and a grandmother for her little one. And more: Offers of assistance were poured in, and assistance offered from medical service for her rheumatism. So, at eventide, the sun which had risen on a sad and hopeless woman, shed its rays upon a contented woman, smiling and eyes that shone again with hope.

EMMET LOURE.

Emmet Loure, a former resident of Wauseon died at his home in Toledo last Friday morning at the age of forty-four years; he was born in Lena, Iowa and came with his parents Mr. and Mrs. Loure to Wauseon when he was a young child. This was his home until some thirteen or fourteen years ago when he located in Toledo. He was united in marriage to Miss Luda Woodward and one child who died during childhood was born to them. Funeral services were held from his late residence in Toledo last Monday morning. Among those who were in attendance from Wauseon were Messrs. Shivers, Loure, M. McCafferty and M. Hill.

SOLDIERS HONORED.

By appointment of Governor A. E. Sleeman, Fremont, Joseph B. Elliot, Clyde, Major Edward Welsh, Clyde, Spanish war veterans, constitute the commission to erect a \$1000 monument to George Burton Meek of Clyde, the first American killed in that war. He was a sailor on the torpedo boat Winsow, was killed at the battle of Cardenas Harbor, May 11, 1898.

When Hot Weather Oppresses.

When you feel oppressed, dull and stupid, are inert and languid—do not blame it all on the weather. Heat will not affect you so much if the bowels are regular. Foley Cathartic Tablets are ideal for indigestion and constipation. They relieve stout persons of that bloated, heavy feeling. Fink & Haumesser.

NOTICE W. R. C. AND G. A. R.

The regular meetings of the Women's Relief Corps and G. A. R. Post No. 35 G. A. R. have been postponed on account of change in the date of the building recently ordered by the state inspector of building a fire escape will be placed on the building and all entrance doors changed to swing out instead of in.

DIVIDENDS PAID.

Ten cents invested in the ice cream social will yield a good time, and a good work. The investment can be made at the home of Mrs. D. K. Shoop, Friday evening at 7:30.

HOW TO AVOID AUTO ACCIDENTS

Don't Speed! Don't Speed! Don't Speed!

Don't be afraid to go into low speed in tight places.

When in doubt—STOP!

Don't cut around street cars.

Don't pass a car or vehicle on the right side.

Don't run into thoroughfares from side streets at high speed.

Cut your corners square, so that another car can have room to pass.

Don't crowd other cars.

Don't run too close to the car in front.

Don't stop on a hill or incline close behind the car in front.

In turning a corner, with another car on your right, turning the same corner, swing wide.

On country roads don't pass other cars at high speed.

On country roads, don't go too close to the ditch.

Drive carefully on wet streets, especially streets paved with asphalt.

Don't load your car over capacity.

Don't keep your headlights on in city streets, unless dimmed.

If driving slowly, keep close to curb-line.

When you start, always turn to see what is coming behind you.

Watch the traffic carefully.

Always stop at railroad tracks and look both ways.

If a car is trying to pass you from the rear, give it plenty of room.

Use common sense and watch the other cars.

Don't Speed! Don't Speed! Don't Speed!

GIVING THE CHANCE

The Save-A-Baby Campaign In Operation—Toledo Tots and Their Mothers Started for The Country—Three Tribune Readers Enlisted.

Child Welfare Nurses of Toledo, in their daily visits to the congested districts of the city came across several cases which required immediate relief. The mothers were found in a weakened condition due to overwork, household cares and insufficient food. Naturally the little babies suffered correspondingly.

From the list of responses from Northwestern Ohio homes enlisted in the Save-A-Baby campaign, immediate places were secured for the cases. Beginning on Monday morning the first of these left for Maumee. On Tuesday another mother and babe was sent to Tontogany.

The responses continue to come in and in every instance the writers explain that they are only too glad to throw open their homes to relieve the sufferings of helpless little infants.

Many homes will be needed if only the extreme cases of the crowded districts are cared for. Homes that are thrown open will be aiding in saving the lives of these babies, who exist in the hot summer months, at the best, is precarious. Forced to spend weeks in hot, stuffy rooms with foul air to breathe and no shade or outdoor except the broiling streets, it is small wonder that the death rate is large among babies under two years of age.

Three responses from the noble christian women of Fulton county were received by the Tribune up to date. Mrs. Belknap and Mrs. M. J. Ernst of Tredow and Mrs. O. M. Eldredge of D. T. Wauseon. We trust that there are many more in the county who will find it possible to join in this noble work. "The greatest thing in the world is to do something for those unable to do for themselves."

Enlist me as an active member of the Save-A-Baby campaign. My home is open to a mother and her babe for (.....) weeks in August, beginning on the.....day of August, 1915.

Signed.....

P. O. Address.....

REALLY WATERPROOF TENTS.

Used By Robinson's Famous Shows.

"Waterproof" is a trade name that has been so much abused that it has nearly lost its meaning. Mercedized duck, a new and expensive material, absolutely waterproof, is used exclusively by the Robinson's Famous Shows in the construction of their tented city. Patrons can rest assured that, no matter how hard it rains not a drop can come through to soil their clothing or mar their pleasure.

So far as we know, Robinson's is the only show that has gone to the extra expense of this material. It added two thousand dollars to the cost of the Robinson outfit, which is considerable when you understand that these tents last only one short season on the road. But in this, as in every other detail, the matter of cost has been entirely disregarded by the management of this show in providing for their patrons the very best of everything. From the finest special trains of cars, down to the tent stakes, which are of imported Mexican Bois d'Arc, this same discriminating care has been exercised.

So don't let the weather interfere with your visiting this great exhibition; you will find everything dry, clean and safe, even if old pros are doing his worst.

Two performances will be given at Blake's Field Wauseon, Saturday afternoon and evening.

WEATHER FORECAST.

Issued by U. S. Weather Bureau, Washington, D. C. For the week beginning Wednesday July 21, 1915.

For Region of the Great Lakes:

Generally fair weather and moderate temperatures are probable until near the end of the week when warm weather is probable.

For Region of Ohio Valley and Tennessee:

Generally fair weather and moderate temperatures are probable during the next several days. Warm weather is indicated for the latter part of the week.

They Write Every Day.

Every day Foley & Co., receive letters from grateful men and women, telling how Foley Kidney Pills cured them of backache, sore muscles, stiff joints and other kidney and bladder troubles. Is very quick to relieve lumbago and rheumatism due to kidney trouble. No other remedy has a longer record of cures. Fink & Haumesser.

COUNCIL MEETING

Midsummer Meeting of City Legislators—Sidewalks Still Underfoot—Lighting Contract Held In Abeyance—Improvement on First National Bank Corner.

It was a quorum and no more that gathered about the table in the council chamber last Monday evening and took up the never ending problem of the village government. The minutes of the last regular meeting and several extra ones were read and the council proved. Clerk Orth is developing a wonderful facility in the art of public reading and citizens need not be surprised if our genial fellowcitizen is either called to the platform as an elocutionary artist or to the chair of public speaking in some elocutionary school at the conclusion of his term of office next January; at all events Mr. Orth is not a candidate for re-election to the office of clerk though he has made a good one.

Some members of the council mentioned sidewalks and at the familiar word the members all began to discuss sidewalks, not all at once but in due and impressive order. There were side walks that had been put down and sidewalks that hadn't. Sidewalks that ought to be put down and sidewalks that ought to be removed. There were sidewalks that had been ordered and sidewalks that had been still dreams of a muddy future; and each and every sidewalk presented a nice little problem as to what should or should not be done and each of these nice little problems were unselfishly handed over to the sidewalk committee for solution. Clerk Orth reminded the council that the village held one of the Barber notes for something over \$4000 and the treasurer was instructed to collect the dividend due on the note.

Mr. Davis of the First National Bank was present to explain that the purpose of the bank in securing permission from the council to move the sidewalk out to the curb on Beech street south of the bank building was simply to improve the appearance of the corner, and that the sidewalk would remain the same width, as at present the space made vacant by the removal of the sidewalk from side of the bank building to be filled in with a neat grass terrace. It seems that it is necessary to convince the Wauseon public of the genuineness of one altruistic motives before one will be permitted to carry out their kind thoughts and ideas.

The Mayor finally opened the big feature of the evening when he called for a report from the committee that have charge of the negotiations with the Toledo and Indiana Railway Company for the village lighting. The bid of this company was accepted by the council some time ago but the contract presented by the company does not meet with the approval of the council in some particulars. The council evidently cling to the old fashioned idea that it is their duty to safeguard the interests of the town in every way they possibly can while the representatives of the company of course must look after the interests of their firm. The indications are that the contract will soon be made and when it is made the citizens of Wauseon may be sure that every thing that can will be secured in their favor.

DOCTOR MADDOX HONORED.

During the present week Doctor W. H. Maddox has been elected to the Industrial Commission of Ohio an unsolicited appointment which reflects honor upon him. The commission have appointed him Local Medical Examiner for this district to act under the Workmen's Compensation Law in cases of injuries to employees.

CLINTON REPUBLICANS.

The Republican voters of Clinton township living outside the village of Wauseon are requested to meet in the council chambers of the City Hall in Wauseon on Tuesday evening July 27th at eight o'clock.

For Galled Horses.

When your horses are galled, apply Hanford's Balsam and you can keep on working. Try it and if your horse is not cured quicker than by any other remedy, the dealer will refund your money.

ADVERTISED LETTERS.

Otis Johnson, Mrs. Will Sangston.

EMIL WEBER, P. M.

Soreness removed by Hanford's Balsam.

EARLY OHIO PEACHES LATE.

The early peaches of Ottawa county, the first of which were grown here, are about one week later this year than usual. These are the Mayflowers, a new variety for the growers of this section, and have put in their first appearance on the market through George Hollinshead of the Port Clinton Fruit Company, who is the first grower to introduce this peach in the county. The fruit is highly colored and although a partial cling, has a delicious peach flavor, and unlike some of the earlier varieties it is free from worms. Fighting the worms in the early peach has been the big contention of the Ottawa county growers and it has been only the past couple of years that the worm has become almost extinct; this is due to the extensive spraying and scientific culture given the orchards. There will be several hundred bushels of the Mayflower which will be followed by the Canadian Reds. There has been a big demand for this fruit and some dealers have endeavored to acquire the entire output of some of the orchards, but the growers would not consent to this method of disposing of their fruit this year, and are advocating wider distribution. The fruit has been bringing the grower from \$1.25 to \$2.00 per bushel, packed in fifth baskets.

REDPATH LEAGUE

Children's Interests In The Coming Chautauqua To Receive Special Attention—Junior Redpath League To Be Organized August Seventh.

As the time for Wauseon's third annual Chautauqua week draws near interest begins to awaken and people are beginning to ask about the program and the dates. This is the first year for the Redpath Chautauqua in Wauseon and the program is especially fine there are no "blank" numbers that one might just as well miss as not, in fact all of talent appearing on this year's program is the very best obtainable. Of special interest this year is the children's part in the program; arrangements are being made to give all the children a glorious and profitable week. As a preliminary to this good time and to prepare them to get the most and the best out of it a "Wauseon Junior Redpath League" is to be organized the week preceding Chautauqua week.

Announcement has been made of the coming of Mrs. Grace Cowan Tatum, General Supervisor of children's work of the Redpath Chautauqua, who will organize the Wauseon Junior Redpath League August 7. An invitation has been extended to all children between the ages of six to fourteen to attend this meeting and a good time is assured all who come. A definite hour and place will be announced later.

Mrs. Alice Howe has been chosen as chairman of the local children's work committee, Miss Luth Brown and Miss Emma Cummings being the other members. Mrs. Howe is very desirous of having every child, and all interested mothers hear Mrs. Tatum when she is in Wauseon.

Don't forget the dates of the Wauseon Chautauqua August 14th to 20th inclusive, and plan to have every member of the family, old or young improve the opportunity which this Chautauqua will bring.

TEDROW W. C. T. U.

July 28 at Hall

Song: Devotional led by President.

Song.

Order of business including election of officers.

Song.

All who signed pledges are requested to be present at this meeting.

Roll Call—Temperance items.

NICHOLAS FREPPEL.

Mr. Nicholas Freppel, a former resident and business man of Wauseon died at St. Alexis hospital Cleveland, Thursday July 15th, of tubercular meningitis. Mr. Freppel who until recently had seemed to be in excellent health had been in poor health for the past two or three months and had submitted to several operations in the effort to regain his health; it became necessary for him to dispose of his bakery in Kent, Ohio, and he was contemplating returning to Wauseon with his family at the time that death came to him. "Nick" as he was familiarly called was a general favorite among the citizens of Wauseon; the esteem in which he was held was evidenced by the fact that he was chosen by the voters of the village as a councilman and served efficiently in that capacity. Funeral services were held from St. Caspar's Catholic church in Wauseon last Saturday morning and interment made in the cemetery of that church.

NICHOLAS FREPPEL.

Nicholas, the second son of Alexis and Mary Ann Freppel, was born in Alsace Lorraine, France, December 8th, 1874, and was at the time of his death aged 40 years, 7 months and 15 days. He came to this country when about sixteen years of age and learned the bakery trade working in this trade in Ohio, Michigan and Wisconsin, coming to Wauseon in 1902 where he purchased the City Bakery which he conducted until 1912, when he purchased a bakery in Kent and moved there.

He was united in marriage to Miss Josephine Swindeman of this city January, 1904, and to them were born four sons, Carl, Paul, John and Francis who with their mother are left to cherish his memory; he leaves besides these a father, mother and three brothers. These all bear witness that he was a dutiful and faithful son and brother a kind and loving husband and father.

CARD OF THANKS

We wish to express our sincere and heartfelt thanks to the many kind friends and neighbors who helped us so much by sympathetic words and deeds during our recent bereavement, also for the beautiful floral offerings, the sweet music of the choir and the auto service so generously given.

Mrs. Josephine Freppel and Children

NOTICE TO CREDITORS.

Notice is hereby given that the undersigned is now authorized to pay a final dividend to creditors and depositors of Bank of Wauseon and their dividends by the Security Savings Bank & Trust Company.

For poisoned wounds use Hanford's Balsam.

THE UNITED STATES GOVERNMENT SUPERVISES THIS BANK

Bank Service in a Mail Sack

This is a community of educated farmers having high priced farms, bumper crops and good live stock.

As bankers to this class of people, we give the sort of service that reaches outside of Wauseon itself and right into the homes of our farmer customers.

When the days get so busy that to leave the farm is unadvisable,—remember that we put bank service in a mail sack,—where it can be sent to you and return from you at will. A connection with this strong bank is a convenience for farmers,—for you.
